

PRINT Sound absorbing picture

AKUSTIKMILJÖ // ENVIRONMENT-FRIENDLY SOUND ABSORBENTS WITH FOCUS ON FUNCTION & DESIGN

CHOOSE
YOUR OWN
MOTIF

The unique thing about PRINT is that it can be designed in as many ways as there are pictures and illustrations - yet it is an effective sound absorber. Here you can see PRINT with a concealed frame.

PRINT is a sound absorbent where only your own fantasy sets the limits. Pick your own photo and create a picture, or several pictures, in order to complete image themes for the whole room. If you have no motif of your own, we can help you with photographs/illustrations to catch the sensation you are seeking.

Advantage

- **Individual design:** Design your own decorative working environment with your own photographs and motifs.
- **Quality & Environment:** PRINT is made from EcoSUND®, a high-class sound absorbent, class A. EcoSUND consists of recycled PET-bottles and plant fibres.
- **Picture bank:** If you have no motifs of your own, we can help you find what

you are looking for.

- **Various frames:** PRINT is offered with a visible white/black frame, wooden frame or with a concealed frame where your motif covers all the absorbent's visible sides.
- **Effective:** PRINT works effectively with early reflexes on wall surfaces at head level. Necessary as noise often originates from human talk.

"Wall art with built-in sound damping is a simple but efficient decoration detail".

JULIAN TREASURE

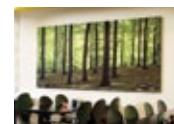

Fields of application

Private market

Advertising

Big prints

Size

- 600x600x50 mm
- 1200x600x50 mm
- 1200x900x50 mm
- 1200x1200x50 mm
- 1200x1600x50 mm
- 1200x2400x50 mm

Special formats are available upon request.

Frames

- There are three different designs of PRINT, all with a visible black or white or powder-varnished steel frame.
- Concealed frame where the motif is dressed around all the visible sides of the absorbent
- Or with wooden frames.

Acoustic qualities

Carried out by SP, the National Swedish Testing Institute, according to ISO 354 and ISO 11654

Product	Surface	Construct. height	63	125	250	500	1'	2'	4'	α_w
Print	Trevira	50	0,05	0,30	0,60	0,95	1,0	0,95	0,85	0,90
50 mm	Trevira	100	0,10	0,35	0,75	1,0	1,0	0,90	0,90	0,95

Photoprint

PRINT gives you the possibility to create a totally unique expression. Choose one of our photographs/illustrations or let us guide you to a good picture bank on the Internet. Of course you can use your own illustration or photograph. PRINT has been designed to fit in all rooms where the sound environment comes first, without forgoing the aesthetics.

Mounting

PRINT is easily mounted by being hung up on 2 or 4 screws in the pre-stamped key holes at the back of the frame or, as an alternative, with mounting strips for close mounting or with mounting strips providing a 50 mm air gap. Also available completely dressed, with Velcro® mounting without frame.

THE SWEDISH PARLIAMENT

The Swedish Parliament is arrayed with PRINT sound absorbers and VERTIKAL lamella curtains.

WHY AKUSTIKMILJÖ?

- Market leader when it comes to environment-friendly sound absorbers
- Absorption class-A on all products
- We offer a sustainable acoustic solution with environment and health in focus
- Our own production ensures an even and high quality

Cleaning

Clean with a dry brush/broom or with a vacuum cleaner. If very dirty, clean with cold water, a cloth and a gentle washing up, washing or cleaning detergent.

Fire

With Akustikmiljö's standard surface layer, PRINT fulfils surface layer class 1, (B-s1,d0).

About EcoSUND®

- **Environment-friendly:** EcoSUND is made from recycled PET-bottles and plant fibres.
- **No leaking:** EcoSUND is completely free from glue/binding agents and therefore does not give off any emissions or gas.
- **Stand up to moisture:** EcoSUND is not sensitive to damp and moisture and therefore cannot rot or mould.
- **No harmful fibres:** EcoSUND does not give off any itching or irritating fibres that may cause allergic reactions.
